NEWSLETTER OF THE NORTH JERSEY WOODWORKERS ASSOCIATION

March 2017

Visitor intro: We had 35 people in attendance.

Announcements:

CRAFTS of New Jersey will be having their annual tool auction April 8th in Oldwick NJ.

Fine Woodworking Live will be going on in Southbridge Massachusetts April 21-23rd.

A relatively new used tool store was mentioned called Re-tool at 14 Evans Pl, Pompton Plains, NJ. The hours of operation vary so you should check before you stop by.

This month's meeting was broken up into 3 sections. Gordon started off the meeting discussing the club's main objectives of education and social gathering with as little bureaucracy as possible. Our goal is to have 1/3rd of our presentations given by paid speaker, 1/3rd member presentations, and 1/3rd event meetings. He introduced the board members and went over a few one-time committees that volunteers are needed for such as setting up the Open House, field trips, and hosting skill sessions.

Next the bench building group presented the clubs new workbench. They discussed the design that was used and the modifications made to adapt to the clubs needs of function and portability. The various members discussed the process they went through at the different locations, some of the problems they faced, and changes they had to make along the way.

Our final presentation was given by Roy. He built a vanity for his wife. Some of the highlights that he went over were the process for cutting and shaping the cabriole legs and making the mirror attachment. He purchased and had the mirrors cut by T&M Glass in Passaic and the wood was purchased from Boards and Beams in Fairfield.

Next Meeting: April 17th
